## PREFACE

Compilation of this Directory is one of the activities implemented by the Water Supply and Sanitation Documentation Centre Project "WASSDOC Project."

We felt that a Directory on this field would be of immense benefit to the water supply and sanitation sector. The objective of the Directory is to provide a source of reference of resource persons in water supply sanitation and allied fields. International Development Research Centre (IDRC) Canada and the Government of Sri Lanka provided the financial assistance to carry out this work.

The information collected from personnel involved in water supply and sanitation sector have been compiled in this Directory. It is fervently believed that this effort would be a forward step to assist the sector development in Sri Lanka.

The data collected to compile this Directory was initiated in 1989 out of the persons concerned. The Water Supply and Sanitation Documentation Centre (WASSDOC) in 1991 made an effort to update this information by requesting further details which received a slim response from the relevant individuals. However this Directory is based on information obtained in 1989 upto early 1991. All endeavours has been made to ensure that the information obtained is accurately compiled.

A word of appreciation is extended to the International Development Research Centre (IDRC) Canada and the Government of Sri Lanka for the assistance provided, to fulfil this objective. "WASSDOC Project" is indebted to all Organizations, Institutions and individuals who extended their kind co-operation and enormous assistance to render this task.

1 Mr. S.A. Abeydeera; Engineer  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

Fields of interest

Health Science

Public health & hygiene/ Environmental health

Environmental Science

Pollution

Water pollution/ Preventive measures

Water Resources

Surface water/ Ground water

Water Quality

Potable water quality/ Industrial water quality/ Wastewater  
quality/ Analysis

Water Supply Projects

Design/ Rehabilitation

Wastewater

Collection/ Treatment/ Disposal

Sewerage schemes

Design/ Construction/ Rehabilitation

Projects

Investigations for deep groundwater for Anamaduwa water supply  
rehabilitation scheme, 1988

Feasibility study and investigations for deep groundwater for  
Pallekelle Army camp water supply scheme, 1989

Investigations for shallow and deep groundwater for Kakkapalliya  
town water supply scheme, 1989

2 Mr. N.A. Abeysinghe; Engineer (Research)  
National Water Supply & Drainage Board  
Secretariat Building; Telawala Road; Ratmalana.  
Tele: 622355, 622911

Fields of interest

Health Science

Public health & hygiene/ Community health/ Environmental  
health/ Occupational health/ Education & training/ Research

## Environmental Science

### Pollution

Water pollution/ Soil pollution/ Industrial pollution/  
Preventive measures/ Research

### Water Resources

Surface water/ Ground water/ Rain water harvesting/ Research

### Water Quality

Potable water quality/ Industrial water quality/ Wastewater  
quality/ Analysis/ Water treatment/ Research

### Water Supply Projects

Cost benefit analysis/ Socio economic aspects/ Design/  
Construction/ Operation & Maintenance/ Rehabilitation/  
Research

### Water Supply

Community education & training/ Conservation/ Plumbing/  
Manpower resource development/ Research

### Wastewater

Collection/ Treatment/ Disposal/ Research

### Sewerage schemes

Design/ Construction/ Operation & Maintenance/  
Rehabilitation/ Sewerage Research

### Sanitation

Community participation/ Community education/ Excreta  
disposal/ Solid waste disposal/ Research

## Projects

Research projects on defluoridation of ground water using  
Nalagonda technique, 1988

Study of investigate the factors on the persistence of  
diarrhoeal diseases in Sri Lanka-partly involved in 1989

Study of human excreta disposal systems in densely populated  
areas with emphasis on development of low cost technology  
options - partly involved in 1989

Research study on non payment of water dues - partly  
involved in 1989

Research studies on development of cross connection control  
and plumbing standards in 1989

Research project on comprehensive well inventory in 1989

Design and operation of slow sand filters - partly involved  
in 1989

Studies on design of ground reservoirs and elevated tanks - partly involved in 1989

3 Mr. H.P. Abeywardena; Engineer  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

#### Fields of interest

##### Health Science

.Community health/ Environmental health/ Research/ Study of promoting reforestation & improvements to river catchments

##### Environmental Science

###### Pollution

Air pollution/ Water pollution/ Soil pollution/ Industrial pollution/ Preventive measures/ Research

##### Water Resources

Surface water/ Ground water/ Research/ Study on infiltration methods of surface waters

##### Water Quality

Potable water quality/ Industrial water quality/ Wastewater quality/ Analysis/ Water treatment

##### Water Supply Projects

Cost benefit analysis/ Design

##### Water Supply

Conservation/ Importance of a feed back system to new designers from experiences in water supply schemes done

##### Wastewater

Reuse

##### Sewerage schemes

Design/ Construction/ Sewerage research

##### Sanitation

Community participation/ Solid waste disposal

##### Projects

Preliminary investigations and preparation of project plan for Weligama water supply scheme initiating the 1st ground water drilling processes by organising percussion and other drilling methods from 1960-1974

Investigation design and construction of a gravity water supply scheme for Wasanagama model village in Badulla district in 1978

4 Mr. P. Abhayagoonawardhana; Manager (Training)  
National Water Supply & Drainage Board  
Training Section; Telawala Road; Ratmalana.  
Tele: 632355

Potable water quality/ Industrial water quality/ Wastewater  
quality/ Water treatment

Water Supply Projects  
Construction/ Operation & Maintenance

Water Supply  
Community education & training/ Conservation/ Plumbing/  
Manpower resource development

Wastewater  
Collection/ Treatment/ Disposal

Sewerage schemes  
Construction/ Operation & Maintenance

Sanitation  
Community participation/ Community education/ Excreta  
disposal

Projects  
Manpower Development Planning for N.W.S. & D.B. from 1986-  
1991

Programmes  
Technical and managerial/supervisory training to all  
grades of N.W.S. & D.B. employees from 1970-1991 and  
1986- 1991 respectively  
Training of Public Health Inspectors on building construction  
water supply and sewage disposal from 1981 to 1991  
Training of personnel from Local Authorities and other  
Institutions involved in water supply and sanitation  
from 1984 to 1991  
Training of personnel involved in hand pump water supply  
projects from 1981 to 1991

- 5 Miss. K.U. Alwis; Research Officer  
Department of Labour/Division of Occupational Hygiene

Projects  
Ragama-Thewatta water supply scheme construction work, 1988  
Ragama-Talagolla water supply scheme construction work, 1988  
Ragama-Kandana-Aniyakanda water supply scheme construction  
work, 1988  
Mahiyangana water supply scheme construction work, 1989

Puttalam water supply scheme construction work, 1989

Contract administration and supervision work, 1990

Programmes

Conducted a training programme for pump operators, 1986

Conducted a training programme for meter readers, 1986

Conducted a training programme for officers attached to  
Local Authorities on Public Water Supply from 1986-1987

Conducted a training programme for Public Health Officers, 1987

Conducted training for Technical Officers of the N.W.S.&  
D.B. attached to Operation and Maintenance section from  
1987 to 1988

Conducted a training programme on water treatment for 3rd  
year M.B.B.S. students from 1987 to 1988

- 8 Mr. M.A.M.S.L. Attanayake; Engineer  
National Water Supply & Drainage Board  
Kandy District Water Supply and Sanitation Project; No.66A,  
River Dale Road; Aniwatte; Kandy.  
Tele: 08/32414 , 32408

### Projects

Construction work of Colombo sewerage project ocean outfalls in 1986

Involved in planning and design of water supply schemes in 1987

Involved in construction and maintenance of hand pump tube wells in 1988

- 9 Mrs. M.K. Bandara; Chief Engineer (Designs)  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

### Fields of interest

Water Supply Projects  
Design

Sewerage schemes  
Design

### Projects

Designed Kiridi Oya domestic water supply scheme in 1987

Designed Ragama Hospital sewage disposal scheme in 1988

Designed Kundasale water supply scheme in 1988

Designed Mirigama water supply scheme in 1988

Designed Menikhinna water supply scheme in 1988

Design of Ragama stage 11 water supply scheme 1990-1991

- 10 Mr. K.G.D. Bandaratilaka; Director (Environment Protection)  
Central Environmental Authority  
Maligawatte New Town; Colombo 10.  
Tele: 449455 , 449456

Air pollution/ Water pollution/ Industrial pollution/  
Preventive measures/ Noise pollution/ Environmental impact  
assessment

Water Resources

Surface water/ Ground water

Water Quality

Potable water quality/ Industrial water quality/ Wastewater quality/ Water treatment

Water Supply

Community education & training

Wastewater

Collection/ Treatment/ Disposal/ Reuse/ Analysis/ Quality monitoring

Sewerage schemes

Quality monitoring, examining compliance with the standards

Sanitation

Community participation/ Solid waste disposal

Projects

Kelani river pollution study, phase I and II Monitoring in 1988

- 23 Mrs. R. Ellepola; Senior Environmental Officer  
Central Environmental Authority  
Maligawatte New Town; Colombo 10.  
Tele: 449455-6

Fields of interest

Health Science

Community health/ Environmental health

Environmental Science

Pollution

Air pollution/ Water pollution/ Soil pollution/ Industrial pollution/ Preventive measures/ Monitoring of industrial effluents to determine whether they conform to standards.

Water Quality

Industrial water quality/ Wastewater quality/ Analysis/ Water treatment/ Analysis of wastewater to determine quality

Wastewater

Treatment/ Disposal/ Reuse/ Research

Sanitation

Community participation/ Solid waste disposal

Publications

Fluoride levels in the ground water of some selected districts of Sri Lanka

Paper presented at:

Annual International Conference of Analytical Chemistry  
Colombo, 1984

Programmes

Took part as a resource person in the NORAD/CEA training programme on environmental protection and management in all districts of Sri Lanka to train mainly administrators

- 24 Mrs. K.T.P. Fernando; Engineer  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

Fields of interest

Water Supply Projects

Cost benefit analysis/ Design

Projects

Designed 8.3 M.L. capacity Kolonnawa reservoir, 1985-1986

Designed distribution network for Hambantota water supply scheme, 1986

Designed intake structure for Kantale water supply scheme, 1988

Designed All Saints tower, reservoir, booster pump house for Maharagama water supply scheme, from 1988 to 1989

Designed booster pump house for Ambatale water supply scheme

- 25 Mr. L.S.D. Fernando; Chief Engineer  
National Water Supply & Drainage Board  
532/8, Siebel Place; Kandy.  
Tele: 08/23156

Fields of interest

Environmental Science

Pollution

Water pollution

Water Resources

Investigations for surface water and ground water

Water Quality

Potable water quality/ Industrial water quality/ Wastewater quality

Water Supply

Feasibility studies for water supply schemes

Projects

Designed 12 M.G. capacity reservoir for Trincomalee water supply project

Designed 03 M.G. capacity reservoir for Ambalangoda water supply project

Involved in project preparation work for 3rd Sri Lanka water supply and sanitation project (rehabilitation)

Involved in investigation work for deep and shallow ground water and surface water

- 26 Mrs. V. Fernando; Consultant/Member Governing Board/Editor  
NGO Water Supply & Sanitation Decade Service  
No.291/16, Edwards Avenue; Colombo 6.  
Tele: 586540

& maintenance/ Rehabilitation

Water Supply

Conservation/ Corporate planning

#### Projects

Trincomalee water supply treatment plant construction  
work in 1983

Designed Mawanella water supply treatment plant in 1984

Designed Hettipola water supply treatment plant in 1985

Designed Gampola water supply treatment plant in 1985

Ambatale-Dehiwela transmission mains mapping in 1988

Ambatale-Labugama transmission mains mapping in 1989

Kalutara, Beruwala, Dharga Town, Aluthgama water supply  
schemes mapping in 1989

#### Programmes

Conducted lectures on water supply and drainage for the  
National Certificate on Technology at Technical College,  
Homagama

Conducted lectures on construction supervision of water  
supply and sanitation, at Centre for Housing Planning and  
Building

46 Mr. S.J.K.L.L. Jayawardena; Engineer

Projects  
IRC supported Public Standpost water supply and sanitation  
project, 1976

Publications  
Provision of low cost sanitation complementing community  
standpost water supply through IRC support in Seelatenna and  
Haldummulla, 1976  
Domestic use of water and sanitation-a behavioural study in  
two selected areas of Sri Lanka, 1982-1984  
Demonstration of low cost models of latrines at the NGO  
Consultation International Drinking Water and Sanitation  
Programme Sri Lanka, Dec.1982

Major problems solutions applied and experiences learned in  
Public Standpost Water Supply Project

Paper presented at:  
Regional Seminar on Public Standpost Water Supplies as  
Infrastructure in Housing for Low Income Communities Sri  
Lanka, March 1984

Country report on public standpost water supply and sanitation  
project Sri Lanka

Paper presented at:  
1st International Meeting Thailand 11-18 Nov.1984

Programmes  
Conducted over 300 training programmes as Chief of health  
education in Health Ministry  
Conducted about 20 training programmes on health education and  
community participation in the National Water Supply and  
Drainage Board (These training programmes varied widely from  
manpower development to preparation of community leadership  
and NGO sector in health education, community participation)

Involved in Kandy Augmentation project construction work in 1988

Publications

Appropriate technology for sewage disposal M.Sc Thesis submitted to University of U.S.A., 1984,

Cost reduction in municipal water supply.

Paper presented at:

Asian Institute of Technology, Bangkok, 1985.

Programmes

Visiting lecturer on Building Services at University of Moratuwa, Sri Lanka

- 96 Mr. S.M.C.D. Senaratna; Chief Engineer (Planning)  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

Fields of interest

Health Science

Environmental health

Environmental Science

Pollution.

Water pollution

Ground water

Water Quality

Water treatment

Water Supply Projects

Design

Wastewater

Collection

Sewerage schemes

Design/ Construction

Projects

Designed Colombo North General Hospital sewage disposal scheme in 1987

Designed Kundasale water supply scheme in 1988

Designed surface drainage system for National Folk Art Centre  
in 1989

Designed Mirigama water supply scheme in 1989

- 97 Mr. A.K. Seneviratne; Sociologist  
National Water Supply and Drainage Board  
Regional Support Centre; Gatambe; Kandy  
Tele: 08/22162

Fields of interest

Health Science

Public health & hygiene/ Community health/ Environmental  
health/ Occupational health/ Education & training/ Research

Environmental Science  
Research

Water Resources  
Research

Water Supply Projects  
Socio economic aspects/ Research

Water Supply  
Community education & training/ Research

Sanitation  
Community participation/ Community education

Projects

Descriptive study on reasons to ascertain behavioral and non  
behavioral factors for non construction of latrines in rural  
areas of the Kalutara district Sri Lanka (WHO funded study)

Publications

To ascertain reasons for non construction of latrines in rural  
areas of the Kalutara district in Sri Lanka

Programmes

Trained Public Health Inspectors at National Institute of  
Health Sciences (NIHS)

Trained all other categories of medical and para medical  
at NIHS

- 98 Mr. K.N.P. Silva; Resident Engineer  
National Water Supply & Drainage Board  
Negombo Water Supply Scheme; Saunders Road; Negombo.  
Tele: 031/7264

Fields of interest

Health Science  
Public health & hygiene

Environmental Science  
Pollution  
Water pollution/ Preventive measures

Water Resources  
Surface water/ Ground water

Water Quality  
Potable water quality/ Industrial water quality/ Wastewater  
quality/ Water treatment

Water Supply Projects  
Cost benefit analysis/ Construction/ Operation & Maintenance/  
Rehabilitation

Wastewater  
Treatment/ Disposal

Sewerage schemes  
Construction/ Operation & Maintenance

Sanitation  
Solid waste disposal

Projects  
Involved in Kegalle water supply scheme construction  
work in 1966  
  
Involved in Kurunegala water supply scheme construction  
work in 1967

- 99 Mr. S.R.A. Sirisena; Regional Manager  
National Water Supply & Drainage Board  
Regional Manager's Office; Harischandra Mawatha; Anuradhapura.  
Tele: 025/2296

Fields of interest

Water Resources  
Surface water

Water Quality  
Water treatment

Water Supply Projects  
Design/ Rehabilitation

100 Mr. L.S. Siriwardana; Engineer  
National Water Supply & Drainage Board  
NO.395, Kumarathunga Mawatha; Pamburana; Matara.  
Tele: 041/2105

Fields of interest

Health Science  
Community health

Wastewater  
Treatment

Sewerage schemes  
Rehabilitation

Sanitation  
Community participation

Projects

Involved in Matara water supply project construction work  
from 1984-1987

Involved in design of Middeniya water supply scheme 1988-  
1989

Prefeasibility study on Ahangama water supply scheme in 1988

Involved in design of Badulla water supply scheme in 1988

Study for rehabilitation of Wackwella water supply project  
in 1989

Preliminary study on Galle Hospital water supply in 1989

101 Mrs. J. Sivabalasunderam; Chemist and Bacteriologist  
National Water Supply & Drainage Board  
Regional Office; No.330, Point Pedro Road; Jaffna.  
Tele: 021-24394

Fields of interest

Health Science  
Environmental health/ Research

Environmental Science  
Pollution  
Water pollution/ Industrial pollution/ Preventive measures

Water Resources  
Surface water/ Ground water

Water Quality  
Potable water quality/ Industrial water quality/ Wastewater  
quality/ Analysis/ Water treatment/ Research

Water Supply  
Community education & training

Wastewater  
Treatment

Projects  
Study on disinfection of well water-pot chlorination in 1982  
  
Study on occurrence of iron bacteria in closed wells carried out  
in kalutara, Hambantota and Harispattuwa areas in 1984  
  
Denitrification of ground water (projected)

Publications  
Ground water pollution and quality  
Paper presented at:  
Seminar on Environmental Analysis and Assessment, Sri Lanka,  
University of Moratuwa 29.2.1984-2.3.1984

Programmes  
Conducted training programmes on methods of water and  
wastewater analysis both chemical and bacteriological  
Conducted training programmes on water quality and  
water treatment (potable and industrial water)

102 Mr. G.K. Srimal; Chief Engineer (Investigation)  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

Fields of interest

Health Science

Investigation on sources for ground and surface water

Environmental Science

Pollution

Water pollution/ Soil pollution

Water Resources

Surface water/ Ground water

Water Quality

Potable water quality/ Industrial water quality/ Wastewater quality

Water Supply Projects

Rehabilitation

Water Supply

Investigation for sources for ground and surface water

Publications

Modelling of salt water entry into a pumped well

Paper presented at:

International conference on Water Decade and Beyond, Bangkok, Thailand, 12th to 16th December 1989

103 Mr. D.U. Sumanasekera; Engineer (Designs)  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

Fields of interest

Water Supply Projects

Design/ Rehabilitation

Water Supply

Plumbing

Wastewater

Treatment/ Disposal

Sewerage schemes

Design

#### Projects

Involved in the design of Moneragala water supply project in 1987

Involved in the design of Mahiyangana water supply project in 1989

Also involved in the design of several water supply schemes from 1987 to 1991

104 Mr. S. Sumanaweera; Engineer  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

#### Fields of interest

Water Quality

Potable water quality/ Water treatment

Water Supply Projects

Operation & Maintenance/ Rehabilitation

Wastewater

Disposal

106 Mr. R.S. Warusamana; Engineer (Construction)  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 622913

Fields of interest

Water Supply

Project co-ordination

Projects

Involved in project management in Greater Colombo sewerage  
project pump stations, 1986

Involved in project management in Colombo water  
supply-Ambatale head works, 1987

- 107 Mr. S.S. Weerabhahu; Deputy General Manager (Finance)  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3

Fields of interest

Health Science  
Financial management

Environmental Science  
Pollution  
Water pollution

Water Resources  
Surface water

Water Quality  
Analysis/ Cost of water quality

Water Supply Projects  
Cost benefit analysis

Wastewater  
Economy of recycling water works

Sewerage schemes  
Operation & Maintenance

Sanitation  
Community participation

Projects  
• Partly involved in planning of Beliatta rehabilitation water supply scheme in 1988  
  
Partly involved in planning of Kakkapalliya water supply scheme in 1988  
  
Involved in almost all the N.W.S. & D.B. implemented water supply schemes evaluation process from 1990-1991

- 108 Mr. H.A. Weerakkody; Senior Water Engineer  
Engineering Consultants Limited  
No.60, Dharmapala Mawatha; Colombo 3.  
Tele: 573451

Fields of interest

Health Science  
Public health & hygiene/ Environmental health/ Research

Environmental Science

Pollution

Water pollution/ Industrial pollution/ Preventive measures/  
Research

Water Resources

Surface water/ Ground water/ Rain water harvesting/ Research

Water Quality

Potable water quality/ Industrial water quality/ Wastewater  
quality/ Analysis/ Water treatment/ Research

Water Supply

Conservation/ Plumbing/ Research

Wastewater

Collection/ Treatment/ Disposal/ Research

Sewerage schemes

Design/ Construction/ Operation & Maintenance/  
Rehabilitation/ Sewerage Research

Sanitation

Excreta disposal/ Solid waste disposal/ Research

Projects

Involved in several water supply projects undertaken  
during the services in N.W.S. & D.B. from 1969-1981

Girandurukotte water supply scheme, 1988

Provided research services for development of cross connection  
control and plumbing standards in 1988

Engaged on a research project on slow sand filters from  
1988 - 1991

- 109 Dr. R.K. Weeraratne; Structural Engineer  
Engineering Consultants Limited  
No.60, Dharmapala Mawatha; Colombo 3.  
Tele: 574154

Fields of interest

Water Resources

Rain water harvesting

Water Supply Projects

Cost benefit analysis/ Design/ Construction Research

Sewerage schemes

Design/ Construction

Projects

Rehabilitation of Ampara water supply scheme in 1988

Rehabilitation of Anuradhapura water supply scheme in 1988

Rehabilitation of Ambatale conveyor system in 1989

- 110 Mr. S. Weeraratne; Deputy General Manager (Southern Region)  
National Water Supply & Drainage Board  
Regional Support Centre; Pamburana; Matara.  
Tele: 041/2105

Fields of interest

Health Science

Public health & hygiene/ Water supply & sewerage

Surface water/ Ground water

Water Quality

Water treatment

Water Supply Projects

Socio economic aspects

Water Supply

Community education & training

Wastewater

Disposal

Sanitation

Community participation/ Community education/ Excreta disposal

Projects

Haldummulla water supply and sanitation programme in 1986

Wijebahukanda water supply and sanitation programme in 1987

Ahangama water supply and sanitation programme from 1988-1991

Wennappuwa water supply and sanitation programme from 1988-1991

Kakkapalliya water supply and sanitation programme from 1988-1991

Ehaliyagoda water supply and sanitation programme from 1988-1991

Kahawatta water supply and sanitation programme from 1988-1991

(Involved in community participation and health education work in the above water supply and sanitation programmes)

Programmes

Conducted a training programme "on investigations for water sources" at the training centre of N.W.S. & D.B.

Conducted community orientation programmes in the aforementioned water supply and sanitation projects from 1986-1991

- 112 Mrs. K. Weeratunga; Manager (Tenders and Contracts)  
National Water Supply & Drainage Board  
P.O.Box 14, Mount Lavinia.  
Tele: 635281-3
